Notice Extraordinary!

WE WOULD NOTIFY the merchants and the public generally in the Western States that the Match Manufactory of R. W. PIERCE & CO., Milwaukee, Wis., is in full and successful operation, notwithstanding the declarations of a match concern in Detroit, Mich., that our establishment had burned down—that R. W. PIERCE & Co. had failed—that no more R. W. PIERCE'S matches would be seen in market, &c. &c. We are well aware that all such assertions will in due time recoil with bad effect upon the party who originated them, and what we wish is, that the public should be set right in the matter. We now have facilities for manufacturing matches as cheap, or cheaper than any other establishment in the West, and as to the quality, we will leave those who have used them for the last thirteen years to be the judges, and will only remark that our business has increased from less than $1000, in 1844, to more than $50,000, in 1856.

All orders for matches promptly filled.

VOLUME XIV. MILWAUKEE DAILY SENTINEL, MONDAY MORNING, MARCH 2, 1857. NEW SERIES.

THE DAILY SENTINEL.
RUFUS KING & WM. H. WATSON,
PROPRIETORS.
Under the Name and Firm of Rufus King & Co.

MILWAUKEE:
Monday Morning, March 2.

Adjournment of the Legislature.

This was the day fixed for the adjournment of the Legislature, but much of the business being still unfinished, both Houses, on Saturday, rescinded the resolution of adjournment, without designating a new day. There is every reason, however, to suppose that the session will terminate by Wednesday next, *day after to-morrow.*

Matters in Congress.

The session of Congress is rapidly drawing to a close, and its last hours promise to be as industriously, as its first were idly spent. The corruption cases were disposed of on Saturday. Messrs. Matteson, Edwards and Gilbert, after protesting their innocence and vainly endeavoring to have their accusers brought to the bar of the House and put upon their examination, resigned their seats. In the case of Mr. Welch, the House resolved, by a very large majority, that there was no cause of action. Messrs. Simonton and Triplett, two Reporters, charged with having used their priveleges to lobby bills through Congress, were expelled from the floor of the House.

Some useful legislation was accomplished on Saturday, but there is too much reason to fear that the measure of all others in which the the North-west is most directly interested—the River and Harbor Bill—will receive its death-wound, as usual, from Democratic hands. How long is the North-west going to stand this rank injustice?

The Janssen Relief Bill.

This bill passed the Assembly on Saturday, after protracted debate, by the close vote of 46 to 41. We have heretofore expressed our opinion of the measure, and, so far as we can learn, that opinion is very generally entertained by the press and people of this State. It would be an outrage upon justice, a wrong to the State and a direct incentive to official malfeasance, to relieve Mr. Janssen and his bail from the penalties which they have incurred. We have yet to hear the first good reason for the course proposed.

It is not even clear that Mr. Janssen is entitled to the sympathy so confidently claimed for him. At any rate very many of his German countrymen insist that he cannot plead either ignorance or innocence of the practices by which the Treasury was robbed of *thirty-five thousand dollars.* We had been disposed ourselves to think otherwise and to believe, with some of Mr. Janssen's friends, that he had no knowledge of the robbery and no share in the plunder. But we have heard that from respectable German citizens within a week past, which compels a doubt on this point and renders it imperative, in our judgment, that the matter should be legally investigated. If, upon that investigation, it shall be shown that Mr. Janssen was the innocent victim of others' rascalities, it will be quite time then for the proffer of sympathy, or the exercise of mercy. But until that fact is established, and some good ground shown for Executive, or Legislative interposition, we hold that the law should be left to take its course. For these reasons we hope that the Senate will refuse its concurrence in the Janssen Relief bill.

FROM OUR NEW YORK CORRESPONDENT.

New York, Feb. 23, 1857.

We have a beautiful bright day to celebrate the anniversary of the great George Washington. If we could feel that these outward manifestations truly denote the inward thought, and that the homage rendered to the memory of a man who was so above all things, single-minded and self-sacrificing in his illustrious career, has regard, in these days of political profligacy and party meannesses, to the pure and sterling qualities of Washington and not to the places he filled, or the mouth honor with which his name is invoked by lips which that name should blister in the very utterance—if by this honor to the immortal dead, we could bring back the virtues he adorned, there might be more sincerity and promise in these celebrations. But even such homage as we do render is not without good, for it prompts tens of thousands who hear of, or join in it, to find out who this Washington was, and wherefore he is honored, and among these enquirers will be some whom such a character will inspire with honorable emulation.

Moreover, I am a friend of public holidays.—We are too sparing of them. We need more such to break the unrelaxing pressure of daily toil—to interrupt the harassing pursuit of gain for a few hours, and to surrender the man up to some other worship than that of mammon. I always therefore am glad when the sun shines brightly upon such celebrations, for altho' on the Fourth of July he may be somewhat too ardent in his share of the day's work—in this sorry month of February, such a sun and such an atmosphere as we have to-day are of themselves a benediction and a festival.

The Senate of the United States, as you will have seen, determine that the infamous laws imposed by Missouri Ruffianism upon Kansas, shall stand, notwithstanding the bill to the contrary passed by the House of Representatives. Slavery in the Senate of the United States has its stronghold and mainly through the co-operation of Free State Senators—men from New Jersey, Pennsylvania, Illinois, Michigan and California. Under such auspices and with a pro-slavery majority in the next House of Representatives, I confess my anxieties about Kansas are very great, for if these so called laws are to be respected I do not see how the Free State men, though they may be five or ten to one, in number, to the Pro-Slavery men, are to make their numbers available. Everything seems to me to be shaping itself to force Kansas into the Union as a Slave State. Alas! for the infidelity to Freedom, at the last election, of the freemen of Pennsylvania, Illinois Indiana and California!

The alleged corruptions in Congress, which have been so much talked about and in elucidating which, the committee of Investigation of the House of Representatives have come to the conclusion of recommending the expulsion of, three, or four members of that House—bid fair to occupy most of the little time which the present House has to live. So far as is yet apparent, I cannot perceive any sufficient ground for the expulsion of either of these members; yet if official corruption be brought home to all, or either of them, with reasonable certainty, I hope expulsion will follow. We have not got, I am sure, at the heart of the matter yet; but it may interpose some check, that any corrupt tampering with public men, in the discharge of public duty, shall be deemed ground sufficient for expulsion.

General Cass, it seems at last to be settled, is to be the *Premier.* At no time of his life an able, strong-minded, or clear-headed man—feeble in purpose and in character—age, in aggravating these defects, has also strengthened his prejudices—so that of all the men named for that post Gen. Cass seems to me the least fit. It is, however, in keeping with the practice of the *Sham Democracy,* to reward with the patronage and confidence of the Federal Government those whom their own immediate constituents have refused, for good cause, longer to trust; and it would not be at all surprising to learn that the very withdrawal from him of the confidence of a Free State, was one of the decisive considerations which operated with the violent pro-slavery men of the South, to acquiesce in his selection when they found they could not put in the place one of their own blusterers. Experience has taught them that a Northern renegade, cast away by his own people for infidelity, generally makes a very compliant Southern tool. We shall soon be able to judge how far, in this instance, the calculation will be found exact.

FROM MADISON.

Editorial Correspondence of the Sentinel.

Madison, Feb. 27, '57.

The Assembly at its session last night, with the exception of about three-fourths of an hour spent by Messrs A. Taylor and Earnest in discussing an old subject, familiar to legislatures for several years, in the shape of a Mississippi Ferry at Eagle Point—near Dunleith, I believe—made famous progress. A long session was spent in Committee of the Whole, and on rising, the rules were suspended, and thirty bills were passed.—The following memoranda of titles in the list indicate bills of some interest:

Charter of Capital Insurance Co., Madison;
" " New Lisbon and Oshkosh R. R. Co;
Amending Chap. 160, of local laws of 1856;
Providing for collecting judgements against towns:
Declaring Waupacca river a navigable stream; (this bill has been heard of before.)
Amending charter of Milwaukee Hydraulic Co.; and another amending a law authorizing the city to aid the enterprise. (These are Senate bills.)
Relative to escheated property.

The Senate was engaged a good part of the morning on its special order, the Lunatic Asylum bill. Besides its work on this, the consideration of the Deaf and Dumb and the Blind Asylums was concluded, and they passed—the first one amended, by reducing the appropriation by $5,500, and the second amended by reducing the appropriation by $8000.

The bill appropriating $9,000 to Gov. Bashford in full for counsel fees and expenses in contesting his election, was taken up and passed, under suspension of the rules.

In the afternoon, the capitol enlargement bill passed, with a slight amendment, which will be readily concurred in by the Assembly.

The Swamp Land Bill, which has occupied so much time in the Senate lately, also passed—What condition it is in, after the long struggle, I cannot now say; but I will examine and report upon it.

The Senate adjourned over till to-morrow, without any evening session.

In Assembly, this morning, a large number of bills has been cleared away, and this time there are some of considerable importance, the subjects of which will have reached you before this time by telegraph. Of course nobody knows anything of the special subject of a bill amending chapter so and so of the Revised Statutes, but those who are looking to the Legislature for any particular action can recognize their own bills.

The resolution, introduced yesterday to rescind the joint resolution to adjourn on Monday, was not taken up this morning, several members rising to debate it. I think the Legislature will adjourn, but there is still some little doubt.

The majority of the Judiciary Committee reported this morning, against chartering the Gas Co., asked for by the people on the west side of the river, on the ground that it would interfere with the vested rights of the present Company, and the minority reported sundry amendments to the present charter, compelling the Company to lay down this year and next a large amount of pipe, and increasing the capital stock.

A bill came in from Senate, to pay Messrs. Abbott, Doolittle and Sleeper $750 each, for services as counsel for the State in the case of Proudfit, vs. the State, before Commissioners.

Among the long list of bills passed in Assembly in the morning, there was one providing that counties may levy annual taxes not to exceed $400 each, to be appropriated to their agricultural societies. There was also one providing a means of recovering damages from railroad companies, where death has resulted from accidents caused by their carelessness or neglect.

Some 40 or 50 bills, of a private and local character for the most part, were ordered engrossed, and a batch of debateable matter was laid over for the afternoon.

THE JANSSEN BILL.

In the afternoon, the Janssen bill came back with an amendment by the Judiciary Committee, providing that before discontinuing temporarily the suit, the consent of the sureties must be obtained, and also that the Governor may settle with the sureties, if it can be done on favorable terms for the State. In this form the bill was ordered engrossed, 42 to 32.

The bill to fix the salaries of judges of circuit courts to be hereafter elected, at $2,500, was, after some discussion, (in the course of which one of "Joe Mills" odd, discursive, queer, quaint treatises on matters and things in general, was unhappily cut short by the 10 minute rule), engrossed, 52 to 27.

THE NEW ELECTION BILL.

The bill "To preserve the purity of Elections by ballot" came up for a third reading. This bill was carefully studied and prepared in Senate, and came from the hands of the judiciary committee of the Assembly nearly intact.

An amendment was added, providing that 5000 copies shall be printed, and sent out to the various towns and wards in the State, to be kept as the property of the locality for use at elections. The bill is a stringent one, unquestionably—and it ought to be, in a state where the great Barstow swindle could be perpetrated, and the wrong-doers go unpunished, and when county seat elections, and ward elections often show many more votes than there are males in the precinct.

That the democrats feel it to be a stringent law might be seen by their squirming. One refused to offer any amendment, but "wanted it to go forth in all its enormity," while another wanted to know "whether the bill did not provide for capital punishment?" The Republicans were not frightened very badly, and ordered the bill engrossed by 56 to 32, a straight party vote, except that Mr. Foster voted, No.

The bill prohibiting the Circuit Judges from making charges to juries except they are written, was ordered engrossed, the previous question being put to stop the flow of talk from the lawyers.

THE NEXT STATE TAX.

Mr. Tenney, from the committee on State affairs, reported to levy a state tax of $275,000 for this year, being about 1¼ miles per cent on the equalized valuation of last year. This, with the bank and railroad taxes, which will be over $80,000, will, it is thought, be sufficient.

A NEW STATE LOAN.

One half of the state debt ($50,000) comes due on the 5th of April next. Considering the extraordinary expenses of this year, for the Asylums, the Capital &c., it has been thought best to make a new issue of the same amount, on the 1st of April to meet the others, preference being given to the bonds coming due, who may exchange them at par, within 15 days of the passage of the law. The bonds for the whole $100,000 of the state debt are in the Comptroller's office, as security for banking circulation, and there will be no difficulty in making the arrangement, I presume.

The Republicans are in caucus to night, about the adjournment. The time will probably be extended two or three days. W. H. W.

Forest City Bank, Waukesha.—This new Bank, located in the neighboring village of Waukesha, commences business to-day. It has a capital of $50,000, and its officers are, S. A. Bean, President, W. E. Burlock, Cashier. The location is a good one and we do not doubt that the Forest City Bank, under the management of its enterprising officers, will do a safe and profitable business.

Wisconsin Railroad Stocks.—The N. Y. *Tribune* of Feb. 26, in its money article, says: "The recent decline in Milwaukee and Mississippi "has caused more activity in it, and the sales "to-day were 1100 shares at 65½a67. La Crosse "was in demand and advanced to 73, the closing "sales yesterday being 72."

Late from Minnesota.

A party of gentlemen who left St. Paul, Minnesota, on Tuesday morning last (Feb. 24th) on their way to New York and Washington, arrived in our city on Saturday evening—making the trip in *five* days, the shortest yet known in winter. They came on runners all the way to Muscoda, Grant County, where they took the M. & M. Rail Road. From St. Paul to La Crosse, they drove on the river, the ice being still firm and solid, except along the shores. From La Crosse to Muscoda they found three or four feet of snow and good sleighing all the way. We are indebted to one of the party for St. Paul papers of the 24th ult., several days in advance of the mail.—They are principally occupied in denouncing the Territorial Legislature for corruptly passing the bill to remove the capital from St. Paul to St. Peters, and in describing the arrangements for the funeral of the late Bishop Cretin, Catholic Bishop of Minnesota. The *Pioneer* reports trade inactive, money market very stringent and the whole country buried under several feet of snow.

Our Railroad System.

The U. S. *Economist,* of the 7th instant, contains the following in relation to the railroad interest of this country, under the present system of management: "The railroad system has been in this country, pushed to an enormous extent. More than $700,000,000 have been invested in them. In the State of New York and Massachusetts, alone, the sum of the cost is $215,700,000, near two hundred and sixteen millions; yet the works, as a financial investment, are an experiment which with every year assumes a more doubtful aspect. Up to this time the rates at which railroads can carry freight and passengers at a profit have not been determined. The rate of annual depreciation of roads and equipment is yet a problem; and the fact that erroneous views have been acted upon is apparent in the fact that every year the average earnings of even the best roads bear a small proportion to the cost. In 1850, the average net earnings of the Massachusetts roads were $6 51 per cent.; in 1855, $5 57; and they are the model roads, running through the most populous sections in the country. In New York State the investments in railroad bonds pay less than five per cent. average, and $40,000,000 of capital pays nothing."

The Wagon Road to the Pacific.

The act which has been just signed by the President, for a Wagon Road to the Pacific, contains the following provisions:

1. That $300,000 be appropriated for the construction of a Wagon Road, from Fort Kearney, in the territory of Nebraska, *via* the South Pass of the Rocky Mountains to Henry Lake, on the eastern boundary of California, to form a connection with the road already authorized from Fort Ridgely to the South Pass.

2. That $200,000 be appropriated to construct a Wagon Road, from El Paso, on the Rio Grande, to Fort Yuma, at the mouth of the Gila river, to be expended under the direction of the Secretary of the Interior.

3. That $50,000 be appropriated for the construction of a Wagon Road, from Fort Defiance, in the Territory of New Mexico, to the Colorado river, near the mouth of the Mexboxa river.

These roads will make the passage of emigration across the uninhabited regions much easier. In fact, they will make the construction of railroads, to which they are only precursors, much easier and more practicable.

Arrest of the Bank Swindlers.—The St. Louis *Republican* of Wednesday last, 25th inst, contains the following gratifying intelligence:

We learn by telegraph that Gilman and True, two who parties who have been disposing of Wm. Breck's drafts on Corn Exchange Bank, N. Y. to the extent of $15,000 in Milwaukee, $25,000 in Chicago and $15,000 in this city, have both been arrested. Gilman was taken in New Orleans, and True at Hickman, Ky., and we presume will soon make their appearance in charge of the proper officers.

The Chicago *Tribune* of Saturday says that True was arrested at Memphis and that about $80,000 was found in the possession of Gilman. This is nearly the whole amount which he raised by his "Corn Exchange" drafts and we presume that no serious difficulty will be experienced in making him "disgorge."

Milwaukee and Horicon R. R.—The Stevens Point *Pinery* of the 28th ult., says that $63,800 was added to the stock subscription list of the Milwaukee and Horicon R. R, in that village, during the previous week. The people along the line of this road have certainly taken hold of the enterprize in the most liberal and determined spirit.

The Great Swindle.—Breck, the Rochester Banker, has been arrested and held to bail in the sum of $7,000. Mr. C. Reynolds is his surety.—The Rochester *Union* of the 24th says:

The counsel for C. F. True at Buffalo politely sends us information that his client has been discharged from arrest by Judge Wells—and adds some whitewashing comments of Judge W. He will please excuse us from copying them—as our space can be more profitably filled than by copying such nonesense excusatory of the rascally fraternity.

He tells us further that Mr. True was returning "*home*" when he was arrested. Does he mean he was returning to this city? If so, perhaps he will tell us why Mr. True claims this as his "home." He has not been a resident here for years; and it is hoped he will never reside here again. It is time he had a *steady* "home" somewhere!

It seems that Breck has been sold a trifle on his own drafts. The *Union* says:

Yesterday one of our citizens called upon the "private Banker" who made the famous Corn Exchange Drafts, when the following colloquy ensued:

Citizen—You have a chattle mortgage of $500 on such and such property belonging to Mr. So and So?

Banker—Yes.

Citizen—Well; I have a sort of residuary interest in the same property, (as he had) and if you will assign me the mortgage I will reimburse you the $500.

Banker—Very well; I'll be glad to do it.

The Banker stepped to his safe, took out the chattel mortgage, assigned it in due from, and handed it over to the Citizen. Citizen cooly put the mortgage in his hat, took therefrom one of the Corn Exchange drafts for $500 which he shoved out to the Banker, and bade him good morning!

Who will say "Corn Exchange" is not good!

Fatal Duel.—The Savannah Georgian, says: "Much excitement was evident in this city yesterday, when it was known that a duel had been fought, with a fatal termination to one of the parties, between Daniel Stewart Elliot, Esq., and Thomas R. Daniell, Esq., both well known gentlemen, residents of Savannah. The weapons chosen were rifles, the distance twenty-five paces, the time Monday at noon, and the place, Screven's Ferry, S. C., about three miles below this city. On first fire, Mr. Daniell fell mortally wounded, and Mr. Elliott received no hurt."

An American Frigate Summoned to Naples.—A letter from Genoa, dated the 29th of January, published in an English paper, says that one of the frigates of the United States, the Susquehanna, has left for Naples, in obedience to the summons of the American minister in that city, who does not think the political situation at all satisfactory.

A Cabinet of Refuge.—The N. Y. *Evening Post* says that from present indications, it would seem that Buchanan's Cabinet (Cass, Toucey & Co.,) was designed as "an asylum for aged and indigent politicians."

Snodgrass and his Banjo.—The N. Y. *Musical World* states that Mr. Snodgrass (of the Burdell case) had concluded an engagement with the Christy Minstrels, and was to appear in that company on Monday last. Hopeful youth.

New Paper Mill.—We are happy to inform the public that S. T. Merrill, Esq., has purchased one-fourth of the whole Water Power of Rock River at this point, to be used on the east side of the river for manufacturing purposes. Mr. Merrill will proceed at once to erect a large Paper Mill on the east Bank of the stream. The building will be of stone—60 x 75 feet on the ground, and three stories high.—*Beloit Jour.*

Capital Punishment.

Mr. Editor:—As your correspondent *Lex,* in his communication of Tuesday, has to his own satisfaction disposed of the arguments adduced in my last, and in his own way demolished all that was then said, perhaps it will be well to examine some of the points in his case.

He affects to sneer at the enquiry whether capital punishment has had the effect to prevent murder or not. Now I submit that the enquiry was pertinent to the case, for in his first communication he distinctly laid down the proposition that "the *main* object of punishment is the *prevention* of crime," and then he went on to assert, for he did not prove, that capital punishment alone will prevent the commission of the crime of murder, and when I made the enquiry whether it had had this effect, *Lex* appears perfectly astonished that any one should be so jolly green as to suppose it would. His inconsistency is more wonderful than his astonishment.

The assertion that capital punishment will prevent murder, is all that the advocates of the measure advance and with them it is assertion merely, for not the first logical argument, or tangible proof has been put forward to sustain the position—it is all assertion and nothing but assertion, and the enquiry whether it has this effect, disposes of it effectually.

It is really amusing to see what *Lex* says about *annihilating* crime. To annihilate a thing presupposes its existence, and to annihilate a murder pre-supposes that a murder exists. It is not proposed to annihilate a murder after it is committed, but simply to prevent murders being committed, and if mild measures will more effectually do this than harsh ones, then adopt the mild.—That it will do so, we claim is manifest from the fact that it has had such an effect on other crimes than murder, and it is reasonable to suppose that a like result will obtain in that. I cannot perceive what difference it makes whether we *prevent* a murder, or *annihilate* one, which *Lex* regards as impossible. I supposed the discussion was as to the best mode to *prevent* murders,—prevent crime. I do *not* "concede that crime cannot be annihilated," or prevented, but on the contrary, claim that such a result is to be the ultimate destiny of the human race.

From murder *Lex* passes to robbery, and "with a simplicity truly refreshing," thinks that the same argument for mild punishment of murder should be urged in favor of robbery and other crimes. Well, we do urge the same kind of reasoning, and in my last I showed wherein it was correct, inasmuch as other crimes had diminished in proportion as their punishment was mitigated, and cited the present condition of England, contrasted with what it was two hundred years ago, and claimed that if the crime of murder had been treated in the same way, similar results would obtain; and now assert it without the fear of contradiction, that robbery, theft, burglary, &c., have diminished just in proportion as the punishment for them has been mitigated, because severe and harsh measures never yet reformed a criminal, nor diminished crime.

"With a simplicity truly refreshing," *Lex* asserts that "if the *fiends* who butchered Dr Burdell are caught and *hung,* it will certainly prevent them from murdering any other victims." A very logical conclusion truly. Our Legislators certainly ought to take that fact into profound consideration.

Lex, with a perversity truly remarkable, constantly puts a construction on my arguments which my words do not authorize. I did not propose to do away with punishment, nor substitute for it moral suasion. I merely claimed in behalf of milder means than that of taking life, that experience and reason teach us that severe and harsh penalties had the effect of increasing rather than diminishing crime, and that, therefore, as our object is to diminish—yea, prevent, and even annihilate crime—reason would dictate to us other than to resort to harsh and severe measures. Punishment should be no severer than the exigencies of the case demand, and as comparatively mild laws have had the effect to diminish other crimes than murder,—which is now as it ever has been treated by the harshest measures, this crime has not diminished, as all cotemporary history clearly illustrates.

Lex seems to think that moral suasion is all well enough so long as crime is not committed, but when evil exists, oh! then it wont do at all. The criminal must be treated to a little of the sterner stuff. This is perfectly consistent with those who can discover no power except in force, to whom the fable of the sun and the wind, endeavoring to make the traveller dispense with his cloak, is all foolishness. In this he has the misfortune to differ from a certain teacher who some two thousand years ago, promulgated doctrines which *Lex,* in his first communication says he "is inclined to laugh at as sickly sentiment,"—such as "whatsoever ye would that men do unto you, do ye even so unto them," "I say unto you, render not evil for evil, but render good for evil," &c. Evidently *Lex* and the whole hanging fraternity have no faith in such milk and water doctrines as these, and think that in their superior wisdom they are going to prevent crime, by crushing out the criminal.

In regard to Wisconsin, *Lex* claims that her comparative immunity from murder, is not owing to the abolition of the death penalty, but to the fact "that Meyberry and De Bar were executed by the *people,*"—in other words, the salvation of Wisconsin was achieved by lynch law,—was brought about by a blood thirsty and infuriate mob,—for I have yet to learn that Wisconsin sanctioned those acts and adopted them as her own, but on the contrary did what she could, through her properly organized channels, to bring the perpetrators of them to justice. If as he asserts, we enjoy this immunity through these means, why not adopt them, and let mobocracy loose upon society to avenge every murder committed,—this should be adopted, if the object is to prevent murder; and if what he asserts is true, it will do it, and not attempt it by the old fashioned way of hanging the murderer after giving him a legal trial, for in those communities where they alone resort to that, they do not enjoy the freedom from murder that Wisconsin does.

There are many other points that I would like to touch upon, but a newspaper article can hardly give scope to the magnitude of this subject, and the length to which this is already extended, reminds me that I am trenching too far upon your space, to desire to pursue it further. I will suggest, however, that if *Lex* will endeavor to divest himself of old ideas and opinions, which perhaps have grown with his growth and strengthened with his strength, and view this subject in the light shed upon it by the Great Teacher of Gallilee, perhaps he may come to the conclusion that there is a better way to prevent crime, than to attempt forcing it away, and that a man can be put to a better use than hanging him. E.

Terrible Famine in Norway—Hundreds Dying Daily.—The English papers say that owing to the failure of their crops the inhabitants of Lapland and Finland, bordering on the North Cape of Norway, are in a state of dreadful misery. Hundreds are dying daily of starvation, and the living are compelled to subsist as they best can on the bark of trees; ground and cooked with oats. In order to alleviate these sufferings, charitable committees have been organized on the opposite coasts of the Gulf of Bothnia, to collect contributions in kind, such as corn, flour, vegitables, and spirits, which will be conveyed to them across the ice in sledges. As in addition to the suffering of these poor creatures, the cold is of a severity rarely experienced even in these ice-bound countries.

Good for the Veteran Secretary.—The Washington correspondent of the Springfield *Argus,* gives the following characteristic anecdote of Secretary Marcy:

"Some ardent Know Nothing went to Mr. Marcy and told him, with great *impressment,* that fourteen out of the nineteen clerks employed in the State Depatment were *Roman Catholics*—and he paused to hear the Secretary's expression of surprise, regret, or excuse. 'Ah!' said Mr. Marcy, with his imperturbable bland smile, and his quiet manner, 'I am glad to hear it—I didn't know that I had so many as fourteen with any religion at all!' The Know Nothing *sloped!*"

The Fourth of March.

"Blessed are they that expect nothing, for they shall not be disappointed."—9 *Beatitude*

I saw h m—he had come
From his far distant home
In the West;
A jingling purse he showed,
And in the latest mode
He was drest.

His face was all a smile,
And he talked all the while,
How he took
Such an interest in the late
Election in his State
For old Buck.

He'd always felt the ties,
Of party—let it rise,
Let it fall.
'Twas not for the reward
That he had worked so hard,
Not at all.

But office he could bear,
As the bravest soldier'd wear
Epaulets.
Which fix his rank, you know—
And to the public show
What he gets?

I saw him after that,
He had a kinky hat
On his head;
His shoes were worn away,
And his pockets seemed to say
Nary red.

And loudly he declared,
That for party men he cared
Not a jot;
He scorned their dirty tricks,
And as for politics,
'Twas a plot.

Folks saw the sudden change,
And thought it wondrous strange,
At the best:
Our friend did not explain,
But took an early train
For the West.

Milwaukee, Watertown and Madison Railroad.

The N. Y. *Express* of the 24th instant, in its money article, has the following reference to the condition and prospects of the Milwaukee, Watertown and Madison R. R:

We understand that the Milwaukee, Watertown and Madison Rail Road Company are about establishing an office in this city, at 30½ Exchange Place, to sell securities for the purpose of completing that portion of their road between the cities of Watertown and Madison, (34 miles). Mr. H. K. Lawrence, Secretary and Treasurer of the Company, will remain in the city for the present to take charge of the business. This Road is almost an air line between Milwaukee and Madison, (the capital of the State,) only 77 miles in length, being 23 miles less, between the same points, than the Milwaukee and Mississippi Rail Road (that road is 100 miles,) thus saving in distance nearly 25 per cent.

That portion of the road between Milwaukee and Watertown is owned by the La Crosse and Milwaukee R. R. Co.; is entirely finished and in successful operation. It is the intention to have the remainder of the M. W. & M. road entirely completed in time for the fall trade this year.—About two-thirds of the grading is now done, ties for the whole road delivered along the line, and the iron all arranged for, one half of which is now in Milwaukee ready to lay down immediately. Messrs. S. & C. Howard, the well known and responsible contractors, who have the whole work, will drive it on with all possible despatch.

The securities which this road will offer for sale in our market, consisting of the first mortgage bonds of the company, at ten thousand dollars per mile; bonds of the cities of Watertown and Madison, and Farm mortgage bonds upon some of the best real estate along the line of the Road—are second to none brought by any western railroad to this city. The entire cost of the Watertown and Madison portion of the Road, including extensive depot grounds now bought and paid for, will be about one million of dollars. They have a good stock basis of about $600,000.

The K. N. and Democratic Coalition in New York.

In nearly ever county that has held town meetings, the Democrats and Know Nothings (what is left of them) have united against the Republicans. It is an edifying spectacle to see those who have been so virtuously indignant at "fusion," suddenly joining hands and "fusing." The "Americans," mounting that Cincinnati Platforms which they have professed to denounce, and the "Democrats" carrying that "Dark Lantern" which they have affected to abhor! The "Sons of the Star Spangled Banner," bargaining for the "Foreign Vote," while Irishmen are marched up by Democratic leaders, to vote for "Nativism" and "Proscription!" Times change, and men change with them, but who ever expected to see the Council Room down in Tammany Hall, and the *Atlas* crowing over the election of K. N. Supervisors!

But it won't do. It takes something more than rotten timber to prop a falling house. They are beaten badly where they did not fuse, and worse where they did. They lose votes in every county and Supervisors in nearly every Board.—They lose ground in Montgomery, Fulton, Chemung and Jefferson; they are beaten in Broome, Lewis, Tioga; and they are next to annihilated in Steuben, St. Lawrence and Onondaga. The Republicans carry more than both factions put together. Honest men quit both when each discards its principles in a race for office. They have abandoned all their principles but two—Slavery and the Spoils—and those two are at once the source of their weakness and the bond of their union.—*Albany Journal, 24th.*

Interesting account of the Robbery of Madam Rush's Jewels.

Philadelphia, Feb. 22.

The papers of your city some time since received by telegraph a notice of the robbery of some $28,000 worth of Jewels belonging to Madam Rush of this city. I have just heard the following interesting facts in reference to this mysterious robbery, the perpetrators of which have not yet been discovered. The facts of the robbery are as follows:

Madam Rush, as it is well known by the fashionable world of this and every city in the Union, possesses immense wealth and resides in an extensive mansion at the west-end of Chestnut street, where she receives those upon whom fashion has smiled, like a queen.

On Thursday night, the 29th of January, a private party and ball was given by Madam Rush to the elite and fashion of Philadelphia. The spacious rooms were crowded with richly dressed ladies, whose jewels flashed back the brilliant light from a hundred gas lights. Madame Rush was the observed of all observers, for upon her head, arms and breast there sparkled jewels which cost her $20 000 in Paris.

The ball continued until 4 o'clock in the morning, when the guests retired, and the house was securely closed. Madame Rush, placed her jewels upon the marble slab of her bureau, where they were found the next morning. After breakfasting, she instructed one of her favorite servants to place the jewels in their caskets, which it is supposed was done, Madam Rush having so much confidence in the honesty of her servant that she did not even look at the caskets to see whether the jewels had been placed in their position.

During Friday night Madame Rush thought she heard her chamber door creak twice, but, being half asleep, paid but little attention to it, and on arising on Saturday morning, she went to her bureau drawer for the purpose of getting some money, in which there had been placed $890, when she found that the money had been abstracted. This aroused her suspicions, and on examining the caskets she found that all her jewels had been stolen. She immediately sent for Dr. Rush, and related to him the robbery. He immediately examined the house, and found that all the doors were secured; and no evidence could be found of any one having forced an entrance into the house. A thorough search was also made by officers, and nothing could be discovered.

The jewels were advertised, and a reward of $1,000 was offered, and Lieut. Buckley and High Constable Russell introduced by the Mayor to confer with Madam Rush upon the subject, but with all the acuteness of these and other officers at the Chief's Office not the slightest clue has been obtained to this mysterious robbery. It is supposed that the robbery was committed by some one familiar with every part of the house, and also where Madam Rush kept the keys of her money-drawer, as the key was found in its proper place, and the drawer locked when the loss was discovered. The jewels are in all probability in your city, and some of the New York officers may yet be the lucky ones to discover their whereabouts. Since the robbery, Madam Rush has been much annoyed by broken down police officers and other scamps, who call upon her for the purpose of giving important information that will lead to the recovery of the jewels, but which will cost money. The Madam is too shrewd, however, to be thus imposed upon.

The robbery has caused as much excitement in the fashionable world as the Burdell case in your city, and still continues to be the most prominent topic of conversation.—*N. Y. Tribune.*

COMMERCIAL.

THE MARKETS, &c.

OFFICE OF THE DAILY SENTINEL,
Milwaukee, March 2d, 1857.

Received by Mil. & Miss. R. R.—58 bb's flour, 3,728 bus wheat, 199 bu barley, 1'5 bu oats, 187 hides, 20 calf hides, 59 pelts, 17 hogs, 20 doz brooms.

By LaCrosse & Milwaukee R. R.—6651 bu wheat, 725 bu barley, 60 hides, 209 pel s, 4,225 lbs sundries, 212 bbls flour, 6,500 ft lumber.

Watertown Division—65 bbls flour, 1588 bu bu. wheat, 4,025 lbs sundries, 20 hides, 7 cords hoop poles.

By Mil. & Horicon R. R.—8,985 bus wheat, 214 bbls flour, lot hides, pelts and sundries.

Fair receipts Saturday and dull market. Prices for wheat, though not actually lower, had a drooping tendency. We note transactions at rates below:

Wheat—heavy, 93a95 for Club; 1,00a1,12½ Winter.
Rye—quick, 70a72.
Barley—firm, 1,30a1,40.
Oats—in active request, 40a42.
Corn—steady, 50a52.
Potatoes—58a65.
Butter—dull, 18a20c.
Eggs—18 cents.
Pork—very scarce, $9,00a9,50 readily paid for heavy hogs.

Weather bright and cold, Saturday, and blustering and March-like yesterday. Business begins to show decided symptoms of a revival.

Chicago Market.

Chicago, Feb. 28.

The excitement in the Pork market continues, and the prospect is fair for mess to reach $25 per bbl. Very heavy sales were made yesterday evening and to-day. Among others was a sale of 230 bbls pickled hams and shoulders, at 10c per lb for the former, or $20 per bbl, and 8 cents per lb for the latter, or $16 per bbl; also 91 tierces pickled hams at the same; also 16 bbls do at $21 per bbl, and it is now held firmly at 10½c per lb. A sale of 100 bbls mess pork was made to-day at $21 50 per bbl; but it is generally held at $22. Lard is scarce and firm at 13c; a sale of 12,000 bbls was made at 13c to-day.

A $100,000 sale of the product of 4,030 hogs took place yesterday evening, just reported, deliverable at Muscatine, Iowa, at 7¾c all round, from the hooks, the buyer also paying all packing charges.

Barreled Beef has also advanced, and a sale of 1,000 bbls was made by a city packer to-day at $14 per barrel cash.

In grain some heavy transactions took place to-day—Among them we note sales of 30,000 bu corn on board in all May at buyer's option, at 45c, half cash down; 25,000 bu Corn for June delivery on private terms; and a cargo of $16,000 bu spring Wheat at 95c on board 1st of May; something less than half cash down, which shows a decline in Wheat, and there is a further downward tendency warehousemen paying but 89c to store to-day. For good samples of Canada club and Rio Grande for seed, there is a good demand at about 93a94c on the track. There is evidently a great deal of the fall wheat crop winter-killed, and spring sowing must be resorted to.—*Tribune.*

Our Rail Road Bonds.—The N. Y. *Commercial Advertiser,* of the 25th inst., in its money article, says:

The interest on the 1st mortgage bonds of the Milwaukee and Watertown R. R., and on the bonds of the city of Milwaukee issued to the La Crosse and Milwaukee road, will be paid on 2d March, by Joseph S. Colt, at No. 8 Wall Street.

COMMON COUNCIL—NO QUORUM AGAIN—Another meeting of the Common Council was called for Saturday evening last, but, as has happened repeatedly of late, there was no quorum and the Board adjourned till *this* evening, when they will try again. There is great and general complaint at the dilatory proceedings of the Council in the settlement of accounts. It is not reasonable, however, to expect the Common Council to do much business, or even to get a quorum, so long as one delegation of Aldermen are at Madison, attending the Legislature, and another set at Washington, waiting upon Mr. BUCHANAN. Perhaps the people had better try and elect Aldermen, next time, who will stay at home and attend to their business.

CONFLICTING JURISDICTION.—Thomas Spence, Leonard Schneider and C. Connelly, as a "Democratic Ward Committee," sign a call, which is published in several of the city papers and in handbill form, appointing the First Ward Caucus, for the nomination of Ward officers, to be held *this* afternoon, from 2 to 5 P. M., at the house of Peter Theis. This call has every appearance of being genuine. *Per contra*, Thomas Spence and Leonard Schneider sign a communication, addressed to the *See Bote*, *Banner*, &c., withdrawing all connection with the call and caucus aforementioned. As this last document is published and vouched for by the *News*, there is every reason to suppose it *bogus*.

THE BRITISH REVIEWS.—We are indebted to the publishers, LEONARD SCOTT & Co., New York, for an early copy of the Westminster Review for January. It has, as usual, several admirable articles, among which "Herat and the Persian War," "Capabilities and Disabilities of Women," "Parties in Italy since 1848," and "English Law," are especially worth reading. Its article on "Contemporary Literature," abounds in judicious criticism. The Westminster is among the very ablest of the British periodicals. It is sent to subscribers, by Leonard Scott & Co., for $3,00 a year, or, with Blackwood, at $5,00. For all four of the Reviews and Blackwood, $10 per year.

NEW FIRM AT THE "CITY LAND OFFICE."—Mr. SAMUEL M. OGDEN has become associated with Mr. WALL, in the business of the "City Land Office," in "the Albany." Mr. OGDEN is a new comer in Milwaukee, but has already many friends, and must make more, as fast as he makes acquaintances. He is a gentleman of character, intelligence and most genial qualities. Prosperity to the new firm!

JONES, DINNIN & JONES.—In calling attention of this new advertisement of the extensive Clothing House we take occasion to say that they will move into their new store—the one in the Phoenix Block, now occupied by Bonesteel—on the 1st of April next. They have a very large and elegant stock, now on hand, and as Spring and Summer approach, will have great additions to their assortment.

THE LAST DAY OF WINTER.—Saturday was the last day of winter, and a very fine day at that. Although the temperature was cold, the sky was cloudless, the sunshine brilliant and the air bracing. With the incoming of Spring we may reasonably look for a revival of business, which, for these six or eight weeks past, has been dull enough.

NEW PUBLICATIONS.—We are indebted to MCSORLEY & Co., of the News Depot, on East Water Street, two or three doors north of the *Sentinel* office, for early copies of Putnam for March, and Frank Leslie's Illustrated *News*, containing the spirited engraving of the storming of Stoney Point by "Mad Anthony Wayne."

PETER Y—— OUT DONE.—In a London nurseryman's catalogue just issued, it is gravely announced that arrangements have been made with the Express Company to send packages "direct to the following *towns*!"—New York, Boston, Chicago, MILWAAKIL, &c.

THE FIRST OF MARCH.—March came in, yesterday, cold, bright and blustering. This, according to the almanacs, is a favorable symptom, and betokens an early and pleasant Spring.

☞ Should a sick person apply to any respectable Druggist, and ask him for the best family pill in his store, one which he himself uses, and in nineteen cases out of twenty you will hear him say, take Dr. Herrick's. This pill is approved by all that have ever used them, and they number millions.

FARM IN THE TOWN OF SUMMIT, WISCONSIN.

THE undersigned, being about to change his residence, offers for sale the farm upon which he has resided the past ten years, in the town of Summit, Waukesha County, Wisconsin, a half mile south of Summit Centre.

It contains about one hundred and sixty-three acres, all arable land, of which about ninety acres are under cultivation. Its eastern boundary is Genesee Lake, and good water is found on any part of the farm at twelve feet depth.

A CARD.

THE UNDERSIGNED, having relinquished their Retail Department will from this date confine their sales exclusively to the Jobbing Trade. This will enable us to devote our entire capital and attention to this branch of our business, adding to it increased facilities and a determination to place our goods in the market in competition with any House in the West. A long business experience has enabled us to form the most favorable connections with the largest manufacturing and importing Houses in the country. The quality of our goods will always be of the highest standard. Our stock will always be full and complete, embracing Drugs, Paints, Oils, Chemicals, Naval Stores, Dyestuffs, Window Glass and Ware, Brushes and Perfumery &c. &c., to which we would direct the attention of cash and prompt time buyers, as we feel assured that our mutual interests will be promoted by so doing.

Congressional.

WASHINGTON, Feb. 28.

SENATE—The Senate passed House bill prohibiting the importation of obscene prints, statues, &c., also the House bill establishing a post of delivery at Augusta, Ga. The House bill making appropriations to the completion of military roads in Oregon, was also passed.

On motion of Mr. Crittenden the Senate proceeded to the consideration of joint resolution from the House, increasing pay of Lieutenant Gen. Scott.

After brief discussion, subject postponed till Monday. Deficiency bill taken up, and amendment appropriating $185,000 for books for members, struck out.

Bill then passed—as also bills establishing additional Land Districts in Nebraska and Kansas.

On motion of Mr. Wilson, President was requested to furnish all correspondence with Gov. Geary, relative to matters in Kansas.

General appropriation bill taken up and amended by creating a full mission to Persia.—Recess.

HOUSE.—The case of Mr. Edwards was called up and that gentleman, after repelling the charges against him and protesting against the unfairness of the star chamber proceedings against him, apprised the House that the he had resigned. On motion of Mr. Ritchie, the resolutions in case of Mr. Edwards were laid on the table.

The resolutions for the expulsion of J. W. Simonton and J. Triplett (Reporters) from the floor of the House were next considered, debated and adopted.

The House then took up bill, reported by Select Committee "to protect the people against corrupt secret influences in matters of legislation," and, under previous question, passed it by yeas 104, nays 83, Mr. Humphrey Marshall moved to reconsider the vote and proceeded to denounce the bill as almost despotic and unwarrantable measure. An animated debate followed. Vote finally reconsidered, 128 to 56, and the bill *laid on the table*.

Mr. Washburne, of Illinois, moved to discharge Committee of the whole from further consideration of River and Harbor Bills, his object being to put them on their passage. Motion *lost*, yeas 118, Nays 60—not two thirds. Recess

Chicago Charter Election.

Chicago, Jan. 28.

Hon. John Wentworth, was nominated by acclamation and with great enthusiasm for Mayor of this city, by the Republicans, to day. The convention was the most imposing one ever held in this city.

New York, Feb. 28.

The steamer Edingburg from Glasgow, Feb. 11th, arrived here to-day.

Portland, Feb. 28.

The Anglo Saxon sailed at 2 o'clock, for Liverpool, with 29 passengers and freight.

Halifax, Feb. 28.

The Niagara sailed from this port, for Boston, at noon to-day, and will be due there to-morrow night.

THREE P. M. REPORT.

ARRIVAL OF THE NIAGARA!

BREADSTUFFS DULL.

PROSPECTS OF PEACE!

HALIFAX, Feb 28.

The Steamer *Niagara* arrived early this A. M., en route for Boston. The Niagara left Liverpool on the afternoon of the 14th inst. Her advices are three days later than received by the India at Portland. She reports a very boisterous passage. On the 15th, exchanged signals with the steamer Kangaroo, bound west.

The Atlantic arrived out 2 A. M., 13th, and the Persia at 2 A. M., 14th, making the run in a little over nine days. She logged 362 miles in 5 successive days, and during the passage she averaged 340 miles per day.

The Hermann having been repaired, sailed from Southampton, on the 13th inst., for Berlin, and would leave Southampton for New York on the 25th instant.

The steamer Constitution, from New York, arrived off Cowes on the 10th, and proceeded the same day to Antwerp.

The steamer Cadiz, sailed from Liverpool on the 11th for New York.

The Cambria had sailed for Marseilles to take her place on the Concord and Australian line.

It is not intended, says the Daily News, to send out any troops from England to Persia; this announcement we make with the most entire confidence that it will be found to be correct; we believe that we may add, the force already at Bushire, will not advance into the interior, and that every effort is being made to bring about peace.

The Murray affair, we are assured, forms no serious part of the negotiations which are being carried on at Paris, by Ferruck Khan and Lord Cowley. There is at present every reason to hope that these negotiations will terminate in the re-establishment of amicable relations between the English and Persian governments.

THE NEW EUROPEAN DIFFICULTY.—The Times after remarking that the satisfactory settlement of questions relative to the Danubian principalities cannot be endangered by such an imprudent manifesto as appeared a few days since in the Moniteur, says it is the duty of England to declare positively against temporizing with the integrity of the Turkish Empire, and to act with firmness in support of the resolution she has taken against the proposed Union of the Provinces of the Danube.

COMMERCIAL.—*Breadstuffs*—R. Spence & Co. report the market for wheat heavy and dull; nine tenths lower than when the Asia left. Flour drooping, with a turn in favor of buyers. Corn quiet, at about former rates.

PROVISIONS.—R S. & Co. quote the market for provisions generally unchanged.

LARD—steady at 69a70.

The London money market has become decidedly easier, although the returns of the Bank of England still exhibited a draw upon the bullion reserve. Consols for money closed on Friday at 93¾a94.

Affray at Washington.

WASHINGTON, Feb. 28.

David Hume, of Virginia, proceeded to the Pension Office this morning, to demand retraction of the charge by D. C. Lee, a clerk in that office, that he (Hume) had picked Lee's pocket at the President's reception last night. Lee declined to retract, when Hume struck him with a stick; Lee thereupon shot him dead with a pistol, and soon gave himself up to the officers; great excitement prevails, particularly in the west end of the government departments.

Congressional.

WASHINGTON, Feb. 28.

HOUSE—After a long debate, Smith of Va., offered the following as a substitute for committee's resolution: There has been no sufficient evidence elicited by, the committee who were charged with, and have reported in the case of Welch, of Connecticut, and no further proceedings should be had against him—adopted 119 against 42. Adjourned.

SENATE—*Evening Session*—Debated 5 hours, and adopted amendment to the Post Office bill, authorizing Post Master General to contract for the conveyance of the entire letter mail from the Mississippi to San Francisco, in four horse coaches, at a cost not exceeding $300,000 per annum for semi-monthly, $450,000 for weekly, or $600,000 for semi-weekly service. Contractors to have the right of pre-emption to 320 acres of land at each point necessary for a station, not nearer than 10 miles from each other.

Among amendments adopted was one appropriating $23,000 for inland mail service in Washington Territory. Bill passed.

Adjourned.

St. Louis, Feb. 27.

Letters to the Missouri Republican from Westport, Feb. 21, confirm the previous reports of the difficulty in Kansas. Both houses of the Kansas Legislature have passed a bank bill establishing a Parent bank and six branches.

Gov. Polk, of Missouri, resigned yesterday and started immediately for Washington.

STEALING RAIL ROAD MONEY.—The Station agent at Jefferson City, named Pooler, and conductors, Pride and Abbott, of the Pacific R. R. Co., were arrested yesterday charged with embezzling funds of the Company. Thirty-six hundred dollars has been recovered.

The steamer John Bull sunk in the Arkansas River four days ago. She had on board 600 bales of cotton which was mostly saved.

The steamer Hope, with a thousand bales of cotton, sunk in the Red River last Friday. After throwing 500 bales overboard, the boat was righted and went down the river.

SALOM'S MERCANTILE COLLEGE!

A Perpetual Ticket for $25!

GENTLEMEN desirous of acquiring a thorough Mercantile Education, are assured that the advantages presented at this institution are unsurpassed.

The Principal takes this opportunity to acknowledge the courtesy of several of the most distinguished Shipping and Jobbing Houses in the East, who recently allowed him to examine their books, besides explaining many original plans for economizing labor, which, adopted as in some instances after the experience of half a century, may be justly designated the *ne plus ultra* of the art.

These advantages, grafted upon Mr. SALOM'S long practical experience in a variety of Counting Houses, have enabled him to elaborate a novel and valuable series of transactions, introducing all the great heads and ramifications of mercantile routine to be actually developed by the student. A perpetual ticket confers the privilege of instruction in Book-Keeping at all times, as well as tuition in Writing, Mercantile Calculations, Law, Correspondence Forms, &c.

The Surveying and Mathematical department is in progress during the day and evening.

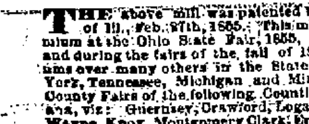
Every Man his own Miller.

PORTABLE CAST IRON GRAIN MILL.

Young America Improved and Perfected.



THE above mill was patented by Charles Leavett, of Ill., Feb. 27th, 1855. This mill took the first premium at the Ohio State Fair, 1855, over all other mills, and during the fairs of the fall of 1856, the first premiums over many others in the State Fairs of Ohio, New York, Tennessee, Michigan and Minnesota, also, at the County Fairs of the following Counties of Ohio and Indiana, viz: Guernsey, Crawford, Logan, Medina, Ashland, Wayne, Knox, Montgomery Clark, Erie, Lorain, Richland, Plymouth district, Chester, Frederick. In Indiana, Tippecanoe, Jefferson, Wayne, Fayette, Shelby, Jennings, Warren and Fountain.

Farmers, Saw Mill owners, Livery Stable men and all others feeding stock of any kind are invited to examine the merits and superior advantages of the above mill.

The Young America will grind as much corn in the cob, shelled corn, oats, barley, and all other grains for stock as any mill of the same size and with much less draft.

What we claim is great strength, durability and simplicity, being so simple that a child can learn to grind with safety.

In the next we claim the small expense to renew the grinding parts of the mill, and the ease with which the grinders are put on the mill, at a cost of not over three dollars, which makes it superior, and more economical than any other mill. The grinding parts of the above mill are made of the hardest of cast iron, as hard in fact as cast steel can be tempered. Each set will grind from 5,000 to 10,000 bushels of grain, with proper usage. Besides the set of grinders on the mill, an extra set will be sent with each mill sold, making it equal to two common mills. When found necessary to change the grinders, almost any one can do it in twenty minutes.

As a proof of the estimation in which the Young America is held in Ohio, we would state that during the fall, winter and spring of 1855-56, 2500 were made and sold in Ohio, at Zanesville, by Douglas Smith & Co., Hall & Allen of Mansfield, Eldridge & Fauconer of Cincinnati, and at New Philadelphia.

At this time there is not less than 200 being sold every week in Ohio, at retail, besides those sold in other states east and west.

The above mill is being manufactured and can be furnished at wholesale and retail, from the Wisconsin Iron Works of A. J. Langworthy, on the water power in the City of Milwaukee. The mill is warranted perfect in all respects.

Dealers in agricultural implements and machines, of the State of Wisconsin, are requested to call and make arrangements for the sale of the above mills, to whom a liberal discount will be made on the retail price; also any others wishing to engage in a profitable business. Would call attention to good men who have teams, in any part of the State, who would peddle the mills through the country. Four can be taken on a wagon at a time—liberal arrangements would be made with them.

The above mill will grind from 8 to 20 bushels of grain per hour, in accordance with the kind and condition of the grain.

Price of the Young America $55—ready to hitch to and warranted to grind as fast as any mill of the same size when properly worked, and with less draft.

For further information address or see the undersigned, sole owner of the right to the State of Wisconsin.

For sale by W. HARROLD SMITH, Wisconsin Iron Works.

WOULD SUGGEST to the Trade, that they will be prepared for Spring sales with their usual extensive stock of the finer qualities of READY MADE CLOTHING.

In reference to which they would suggest, that the facility with which their goods can be fitted, every garment being marked in lengths and breadths, the same size breast being varied to suit different proportions of the same measure, should give them the preference over any clothing, the sizes of which are indefinitely marked. The difficulty of really suiting patrons from that fact, it is presumed, has been very generally realized. In a word, strict attention is directed in a determination to render our garments equal in every respect to the best custom work. feb6c8mVO&CO

IMPROVED

SEAMLESS WHALEBONE SKIRTS.

WE take pleasure in again introducing our improved Seamless Skirt, as being the most acceptable article in market; we are aware that many new styles called improvements are before the public, such as India Rubber, Gutta Percha, Rattan, &c., (all of which we have if called for—but cannot recommend them, as we have experimented with and tested them all—(most of them two years since) submitting them to the judgment of competent ladies to decide upon their merits, and have found them from actual use, to be in all important respects, inferior to our properly prepared Whalebone which has been in use the past years, and for which has been expressed from all parts of the country entire satisfaction; and we have the more positive evidence from our own large retail trade, amounting to many dozens per day. Therefore we confidently recommend our Skirts to be the least objectionable of anything in use; possessing many advantages *found in no other Skirt*, the most important of which is *our series of elastic cords* at the bottom, made from the only material that can be used, that will recover its place when pressed out of shape, will not roll nor curl, is not affected by heat or cold and can be washed without injury. These cords at the bottom, instead of bones, which are exceedingly awkward and inconvenient, with our own prepared bones above and a fabric manufactured by ourselves expressly for our goods, in our estimation and the estimation of thousands who have used them, pronounce a Skirt, and the only skirt equally adapted to the parlor, the street, and the crowd, giving a proper, graceful and elegant form to a Ladies' dress; light, pliable, easily adjusted and in every respect a complete article. The public are cautioned against all imitations or other goods called Seamless Skirts. Every genuine article is stamped E. & J. Holmes' Improved Seamless Whalebone Skirt, and are for sale at 99 Market street, Philadelphia, and in the principal Jobbing Houses in New York and Boston. E. & J. HOLMES & CO.

HEALTHY BREAD!

MADE WITH

JAS. PYLE'S DIETETIC SALERATUS.

THIS article is deprived of the caustic impurities, so well known to exist in all common Saleratus, thereby dealing destruction to thousands not aware of its injurious qualities. So destructive is it to the constitution of children, that where they and the parents have been regular consumers of Saleratus Bread, there is but little chance for recovery from infantile or contagious diseases. In this way thousands meet with premature Death—the sad reality of which is forcibly demonstrated, in the mortality among children, in the New England and other States, where warm bread and cake is so generally consumed.

JAS. PYLE'S DIETETIC SALERATUS Is of vast importance to the public, and is rapidly coming into use. Being deprived of all caustic impurities, it is quite as harmless as flour. In point of economy it excels having powerful raising properties, and is altogether superior to Baking Soda. No intelligent lady will dispute this after trying it.

☞ It is packed in pound packages, each bearing the name of James Pyle, without which it is not genuine. For sale by John Furlong & Co., C. A. MEDICAL.

R. R. R.

THE MEDICAL TRINITY.

EACH of Radway's Three Remedies possesses special curative powers over certain diseases; and when either the Ready Relief, Renovating Resolvent, or the Regulators, are used for the certain class of diseases they are specially designed for, the system undergoes a rapid transformation from its diseased condition to a healthy and buoyant state of existence.

RADWAY'S READY RELIEF.

This remedy is to be used externally, or taken internally, for all pains, aches and infirmities. In a few minutes it stops the most torturing pains, subdues all inflammations and cures the worst cases of *Rheumatism, Lumbago, Gout, Paralysis, Neuralgia, Tooth-ache, Burns, Sprains, Strains, &c.* It restores the *lame, infirm and crippled* to soundness and vigor. It is likewise a certain cure and preventative for *Fever and Ague, Scarlet Fever, Smallpox, Croup Hoarseness, Colds and Influenza.* Whenever you feel any unpleasant or painful symptoms, take a dose of Radway's Ready Relief, or apply it to the parts where the pain is located; in a short time you will enjoy ease and comfort.

Bear in mind, there is no pain so severe but that Radway's Ready Relief will stop, and no system so crippled with infirmities but that the R. R. R. remedies will restore to sound and vigorous health.

RADWAY'S REGULATORS.

The discovery of these wonderful pills establishes a new era in purgatives, and a new principle in the science of medicine. In taking these pills no griping pains or sickness at stomach is experienced; they operate naturally, leaving the bowels, liver and other organs in a natural condition.

They insure those who take them a good appetite and a healthy digestion.

Each pill that is taken gives new life to the blood; they purify it, take from it all impure deposits and equalise its circulation.

One or two doses of Radway's Regulators will entirely remove all distressing symptoms of Dyspepsia, Jaundice, Nervousness, Indigestion, Costiveness, Liver Complaint, Billiousness, Melancholy, and will cure all organic diseases, either in man or woman. Ladies troubled with irregularities or weakening discharges, may rely upon a prompt cure and regular periods if Radway's Regulators are taken.

PICTURE OF HEALTH AND BEAUTY.

A few doses of Radway's Regulators will insure a clear, fair, pure and healthy skin and a rosy complexion. They give to those troubled with weak dull, yellow eyes, a clear and brilliant appearance. Radway's pills give a natural beauty to the face, eyes and head; and the use of the Ready Relief as a wash for the teeth and an aromatic for the breath, will change the most disgusting foul breath to sweetness, and the blackest teeth to Parian whiteness.

One to ten of Radway's Regulators is a dose; they never do injury, but always do good.

CONGESTIVE DISEASES, APOPLEXY, TERMINATION OF BLOOD TO THE HEAD.

Persons of full blooded plethoric habits are more subject to congestive diseases, headaches, rush of blood to the head, than those of a lean habit; bleeding in these cases is highly detrimental, nor does this practice lessen the danger; the difficulty is not caused by too much blood, but by its disturbed circulation, and the irregular action of the *heart*. Now a dose of Radway's Regulators will correct all these difficulties—they will *correct* the action of the heart, liver, and all other organs to a natural and regular action, and will immediately *equalize* the circulation of the blood. Mere purging in those cases will only aggravate the disease.

Radway's Regulators not only *regulates* the bowels, by which all diseased and injurious matter is purged from *the body*, but they control the whole system, and, hence, each and every organ, the heart, brain, liver, nerves, bowels, skin, pancreas, bladder, kidneys, stomach, lungs, throat, blood, and every tissue in the whole organization, to a healthy and regular action. They infuse new life throughout the whole system; their action is not confined to any local part of the stomach, like common pills, but they search out diseased action wherever it may be hidden, and expel all diseased humors and deposits from the body. In a few hours after taking a dose of these life creating pills you feel refreshed and invigorated from head to foot. We have known the dispirited and melancholy take a dose of Radway's Regulators *just to feel good—they make one feel so happy.*

RADWAY'S RENOVATING RESOLVENT.

Cures Humors, Salt Rheum, Scrofula, Ulcers, Nodes Tumors, Fever Sores, Skin Eruptions, Blotches Bronchitis, Dyspepsia, Gout, Dropsy, Syphilis Consumption, Apoplexy, &c.; and all constitutional and chronic diseases, either inherited by hereditary transmission, or inoculated by exposure or otherwise.

There is no remedy in the world that will work such miraculous cures in old diseases as Radway's Resolvent. It changes the whole human body—reproduces new and healthy blood.

☞ Bleeding from the lungs—Radway's Renovating Resolvent will, in a few minutes, check Hemorrhage from the lungs or throat. In cases where the patient coughs up clots of blood or pus streaked with blood, Radway's Resolvent will soon remove the difficulty.

☞ Sarah Hammond, of 195 East Thirty-Second st. had a bad cough for two years, she coughed up sometimes half a pint of blood during the night. She was cured in seven days by the Relief and Resolvent.

☞ A sore leg of 21 years cured in three weeks, by Radway's Relief. Mr. T. H. Kilgo, a merchant of high standing in Dahlonega, Ga., says:—"That a gentleman who, for 21 years, had been afflicted with a sore leg, that resisted every kind of treatment, was effectually cured in three weeks by Radway's Ready Relief, Resolvent and Regulators."

GENERAL COMPLAINTS.

If you catch a sudden cold, get a sore throat, or become afflicted with influenza, a dose of Radway's Regulators, and an application of the Ready Relief, will free you from all pain and uneasiness. In a few minutes after the Relief is applied no soreness will trouble you. If afflicted with headache, either nervous or from foul stomach, Radway's Ready Relief, and a dose of Regulators, will remove all pain from the head, and restore health to the nervous and afflicted.

Radway's Ready Relief and Regulators always cures *Dyspepsia* in its most distressing forms, and nervousness with all its horrors.

☞ WHOOPING COUGH.—Thousands of cases of Whooping Cough have been cured in a few days by the Resolvent and Relief, and if the Whooping Cough is prevalent in the neighborhood, those who take half a teaspoonful of Ready Relief in a little water, once or twice per day, will never catch it. Radway's Relief destroys the infection of the "Whooping Cough."

☞ TOBACCO CHEWERS.—Those who have become reduced by the effect of tobacco, or the indulgence in spirituous liquors, who feel the horrors of incapacity, weakness, sterility, and the *infirmities* which a fast and intemperate, luxurious and lustful course of life inflicts upon its victims, will find relief from these horrors, and sure restoration to health, strength and vigor, by the use of Radway's Relief, Regulators and Resolvent.

BOERHAVE'S HOLLAND BITTERS

JE MAINTIENDRAI

THE CELEBRATED HOLLAND REMEDY FOR

DYSPEPSIA,

DISEASE OF THE KIDNEYS, LIVER COMPLAINT, WEAKNESS OF ANY KIND FEVER AND AGUE,

And the various affections consequent upon a disordered

STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.
